Gres porcellanato tutta massa non smaltato UGL, Porcelain gres without enamels UGL, Grès porcelainé pleine masse non émaillé

SPESSORE, THICKNESS, ÉPAISSEUR 9 MM		ISO 13006, UNI EN 14411 Annex G Bla UGL	
Caratteristiche tecniche Technical specifications Caractéristiques techniques	Metodi di prova Test methods Méthodes d'essai Norma ISO Standard	Valori prescritti dalle norme International standards Valeurs prescrites par les normes UNI EN 14411—ISO 13006	Prestazioni Performances Performances
 Assorbimento d'acqua Water absorption Water absorption	ISO 10545-3	≤ 0,5%	Conforme Compliant Conforme
 Resistenza alla flessione Bending strength Résistance à la flexion	ISO 10545-4	≥ 35 N/mm ²	Conforme Compliant Conforme
 Resistenza agli sbalzi termici Resistance to thermal shocks Résistance aux variations de température	ISO 10545-9	Metodo disponibile Available method Méthode disponible	Resiste Resistant Résiste
 Resistenza al gelo Frost resistance Résistance au gel	ISO 10545-12	Metodo disponibile Available method Méthode disponible	Resiste Resistant Résiste
 Resistenza ai prodotti chimici uso domestico e additivi per piscina, Resistance to household and swimming pool chemical products, Résistance aux produits chimiques d'usage domestique et aux additifs pour piscine	ISO 10545-13	min. B	Conforme Compliant Conforme
 Resistenza alle macchie Stain resistance Résistance aux taches	ISO 10545-14	minimum classe 3	Conforme Compliant Conforme

Importante: il prodotto è realizzato in gres porcellanato tutta massa non smaltato UGL e viene protetto da una “salatura”, cioè da un’applicazione che non ne altera le caratteristiche estetiche, ma lo protegge da eventuali intrusioni di sporcizia nelle microporosità, che di norma sono una caratteristica naturale del grès porcellanato. Questa applicazione consente una pulizia in fase di posa del materiale e una manutenzione semplice.

Important: the product is developed in porcelain gres homogeneous without enamels UGL and it is protected by “salting”, i.e. by an application that does not alter the appearance characteristics, but protects against any intrusions of dirt into the micro-porosities, which are usually a natural feature of porcelain stoneware. Such application allows cleaning the material when laying it as well as for easy maintenance.

Important: le produit est réalisé en grès porcelainé pleine masse non émaillé UGL est il et protégé par un “salage”, c’est-à-dire par une application qui n’altère pas ses caractéristiques esthétiques, mais le protège contre d’éventuelles intrusions de saleté dans les microporosités, qui sont en général une caractéristique du grès porcelainé. Cette application permet un nettoyage en phase de pose du matériau et un entretien simple.

WINDY 04

WINDY è realizzata in 4 facce diverse, WINDY tiles have 4 faces, WINDY est réalisée avec 4 graphismes différents

Leggere differenze di tatto tra i diversi colori fanno parte dell'artigianalità del prodotto.
Slight differences in colour are an artisanal feature of the product.
De légères différences au toucher entre les différentes couleurs font partie du caractère artisanal du produit.

Verso di posa, Laying direction, Sens de pose

Nel retro, la freccia indica il verso di posa per facilitare l'installazione,
The arrow on the back of the tiles indicates the direction of installation,
La flèche reportée au dos indique le sens de la pose afin de faciliter celle-ci,

Calibro: Questo materiale viene realizzato artigianalmente per cui le variazioni di colore, tonalità e dimensioni sono caratteristiche del prodotto. Di conseguenza, ogni piastrella ha una tolleranza dimensionale (rif. normativo EN 1411 app. G Gruppo Bla UGL). Per maggiori informazioni consultare la tabella calibri nel nostro sito internet decoratoribassanesi.it

Caliber: This is an artisanal product; the- refore, any difference in colour, tone, and size must be considered a product feature. As a result, each tile has a size tolerance (ref. EN 1411 Annex G Group Bla UGL). For further information you can check our caliber table on decoratoribassanesi.it.

Calibre: e matériau étant fabriqué de façon artisanale, les variations de couleurs, de tonalités et de dimensions sont caractéristiques du produit. Par conséquent, chaque dalle présente une tolérance dimensionnelle (réf. norme EN 1411 app. G Groupe Bla UGL). Pour plus d'informations, veuillez consulter le tableau des calibres sur notre site internet decoratoribassanesi.it
